

October 2024

UK & EU Compliance statement

EC Directive 2023/988/EU* replacing EU Directive 2001/95/EC* , **General Product Safety**

Labels manufactured by _____ **are safe products** in accordance with descriptions given within EU 2001/95/EC and from 13th December 2024, Directive 2023/988/EU.

A "safe product" means any product which, under normal or reasonably foreseeable conditions of use, including the actual duration of use, does not present any risk or only the minimum risks compatible with the product's use, considered acceptable and consistent with a high level of protection of the health and safety of consumers.

Products are intended for home and or industrial product / packaging labelling applications. The product is not designed for or intended for use with either long term or short term repetitive contact with Human skin or the oral cavity under any normal or foreseeable correct conditions of use.

Directive 2023/988/EU revises and updates the GPSD in light of new technologies and online selling, which has created new business models, challenges for product safety, and new economic operators on the market. Ensuring better product safety is vital to protecting consumers and providing safe products. _____ and suppliers of material components to _____ remain committed to complying with GPSD Legislation.

MSDS Requests

Self adhesive labelstock as manufactured and supplied by _____ is by definition under UK REACH and REACH legislation an "article" and therefore does not require either an MSDS (material Safety Data Sheet) or be required to be a controlled item under current UK REACH or REACH regulations.

*EU Directives are referenced within this statement to aid cross referencing to UK legislation. Since IP completion day (31 December 2020 11.00 p.m.) no amendments have been applied within UK Law to the directives stated above. For more detail on UK REACH / REACH please contact us.
